## MINISTRY OUTREACH TO RUSSIA

Greetings my harvest time partners,

The day following Thanksgiving Day, Pastor Boyd Young from West Union, Ohio will join me for this ministry outreach to Russia. In addition to our evangelistic services, we will devote most of our time to teaching and training national students and ministers in two schools set up by Brother Walter Zygarewicz and Tony Abram.

The first school will be conducted in the city of Krasnodar in southern Russia with a population of nearly 1 Million people. Bishop Sergey Nakul is the pastor of Bethany Church where the school will be conducted. This church recently had to move from their large tent (accommodating many thousands) into 270 home churches, as the land was taken away from them. Although the doors have opened for Russia to hear the Gospel, the persecution has never stopped. However, this opposition is being used by God to strengthen and connect the believers and to add more people to the church as 250 to 300 are coming to Christ each month. When they are able to meet as a large group again, they will be stronger and more in number. They are praying for land and favor to put up a tent for 10,000 and preparing a choir of 1000. We will be training new leaders in this school to extend the outreach of this ministry to other cities.

The second school will be a Missionary School in Moscow. Some 60 to 75 Pre-selected church planting missionaries (nationals) from many areas are coming for intensive training before heading to their fields of service – to preach the Gospel and plant churches in Siberia, numerous “Stan” countries, and un-reached cities in Russia. There are cities in Russia with 40 to 50,000 people and NOT ONE CHURCH OF ANY KIND! We believe we can make a difference as we train and deploy these national missionaries to their own people in these various cities and areas. This intensive training will be for three weeks, 8 hours per day 5 days per week, a total of 120 hours of training. Brother Boyd and I have one week, two Canadian pastors have a week, and Tony Abram and Walter Zygarewicz have the final week with a special Missionary Conference when other nationals who have gone out will return for a period of training and refreshing.

Brother Walter Zygarewicz has taken on a very heavy financial responsibility to underwrite these schools. Each teacher in addition to his own air-fare, food, lodging, etc, also shares in some of the financial budget of the school to help Walter with the expenses. But it is not enough to defray the cost. He is in need of more people to come along side and help with this financial need. I want to encourage you to pray about this critical need and ask the Lord if He would have you do something. This not an obligation but rather an op-

portunity to invest in God's Kingdom to train workers, win souls, and plant the Church of Jesus Christ in un-reached areas of this part of the world.

These church planting missionaries will be coming from many distant cities. Some don't realize how large this nation is. With a population of almost 150 million and over 130 nationalities (530 ethnic people groups according to some) it covers a huge territory, spanning 11 time zones, which is partly in Europe and partly in Asia. It takes almost 7 days and nights to come from the Far East to Moscow by train. Once you go beyond the Ural Mountains things change considerably, cities are further apart and there are less Russian Orthodox. Some regions are more Muslim, others Buddhist, some practice Animism and others have no religion. Missions work over the past several years has been greatly restricted by a legal system that favors the above mentioned religions. BUT GOD! The Lord died for these people and He deserves their worship and praise. That is why we are preparing workers for this great harvest that is to come.

We ask you to keep us in your prayers. Pray that we will have good health, divine favor with the travel, protection, strength, the finances and the anointing of the Holy Spirit to minister God's Word.
